

Agency in Chicago

Böllinghaus Steel expands its worldwide presence

Hilden/Chicago. As from January 1st, 2016, on has Böllinghaus Steel with main offices in Hilden/Germany established a representative office in the U.S. by forming Böllinghaus Steel Americas Corp. in the city of Chicago.

As the demand for Böllinghaus products had grown in the U.S. continuously for many years the management decided last year to open a sales office in the U.S.. The newly founded company will first of all be responsible for the sales activities in North America. Böllinghaus Steel Americas Corp. expands the already blooming business and will explore new markets emerging in the U.S..

The material aimed for the U.S. market will still be manufactured in the Portugal works, whereat the shipping from Lisbon especially to the east coast of the U.S. does not take longer than an inner European delivery.
